1. Please be reminded that supply cost (over the cost of the above kit) will total approximately \$175 for the first academic year and approximately \$325 for the second academic year (see pg. 18 of the Interview Book given to you during the Admissions process and pg. 12 of the Academic Catalog.)

2. Early in the first semester, students will need to purchase illustration boards and foam core that are not part of the above kit. If leftover illustration board is well kept, one sheet can handle several assignments.

3. All prices and equipment subject to change due to market availability
